Context: Variables

Context: Scale

Context: Variables

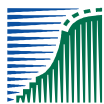

It's a question of questions?

- “If an ecological network is the answer what is the question?”

Tony Whitbread 11/02/09

- Questions about: targets and outcomes, responsibility (e.g. about managing process, initiating action, etc.)
- Use this information to start framing the questions
- From “my position” what action is necessary?
- Etc

Onwards and sideways!
